Bio-Innovations for a Changing Climate:
Science, Sustainability and Solutions

The International Conference on Life Sciences (ICLS-26) aims to bring together leading researchers, academicians, industry experts, and young scholars to discuss the latest advancements and emerging challenges in the field of Life Sciences. This conference provides a dynamic platform to share cutting-edge research, innovative ideas, and sustainable solutions—especially in the context of Climate Change and its impact on biological systems. ICLS-26 will foster meaningful collaborations, promote interdisciplinary learning, and highlight the vital role of Life Sciences in ensuring a healthier, more resilient future for our planet. Participants from across Pakistan and around the world are invited to join this impactful scientific gathering in Rawalpindi/Islamabad.
